

## Egypt “Techno–Spiritual” Tour II

March 30th - April 12th, 2014

### The Experts from Egypt and Peru meet in Egypt

#### Featuring Speakers:

Stephen Mehler, Brien Foerster, Gary Evans and Yousef & Patricia Awyan  
along with our Egyptologist, Tour Guide, Mohamed Ibrahim

During this unique adventure we will take an in depth look at the anomalies found at the sites throughout Egypt, and combine, compare and contrast the startling evidence with Brien Foerster’s findings in Peru. Join Yousef, Stephen, Brien, Patricia and Gary as they examine the evidence and discuss the remarkable indications of what is possibly the world’s greatest secret-- that a highly advanced civilization with superior intelligence and capabilities once inhabited our planet thousands of years ago.

*Together our Speakers will provide the opportunity for you to Explore, Learn and Discover, as well as hold a space for you to Feel, Meditate and Experience the Intense Energies at the Powerful Sites here in Egypt.*

Prepare to discard much of what you’ve been told about ancient Egypt—and Peru, and open your eyes, minds and hearts to a entirely new perspective -- generated by research and discoveries that confirm the teachings of Yousef’s father, Abd’el Hakim Awyan.

## March 30th –Day 1 Sunday **Cairo**

A transfer representative will meet you at the airport to assist you with entry formalities, and escort you to the luxurious **5-Star Mercure Sphinx Hotel, Giza**, less than 5 minutes from the Giza Plateau.

We will all enjoy a **Welcome Dinner** together followed by a meeting for introductions and surprises!  
Overnight **Mercure Sphinx Hotel** - Giza (D)

## March 31st –Day 2 Monday **Egyptian Museum**

After breakfast, our air conditioned motor coach will take us to the world famous Egyptian Museum. You will see many amazing artifacts collected from sites all over Egypt, including the gold sarcophagus & jewelry on display at the **King Tut Exhibit**. We will point out the **Schist Disk**, made famous by Hakim's observation that it is clearly evidence of the superior technology of the ancient Khemitians. Tucked in a back corner on the first floor you will see evidence of how this spinning disk may have actually worked!

After enjoying lunch together, we will return to the Mercure Hotel for an afternoon of lectures with Brien Foerster and Stephen Mehler.

Overnight **Mercure Hotel** - Giza (B, L)

### April 1<sup>st</sup> –Day 3 Tuesday **Giza Pyramids and Sphinx**

After an early buffet breakfast, our motor coach will bring you to the world famous **Giza Plateau**. After exploring the area around Pyramids, we will drive to higher spot with a beautiful panoramic view of the Pyramids. Here you will have the *option of riding a camel* (or riding in our motor coach) to explore **Valley Temple** next to the **Sphinx**, with its alabaster floor and huge, intricately laid blocks—so similar to many constructions found in Peru! We will point out and discuss the many “smoking guns” that exist within and outside this amazing temple.

Afterwards we will enjoy lunch with Yousef and Patricia, at their favorite restaurant in the village, and meet the rest of the Awyan family still living at their home at the base of the Plateau.

We will board an evening flight to Luxor and check into the deluxe 5-Star **Maritim Jolie Ville Kings Island Resort**, situated on its own private island, surrounded by the majestic Nile River.

Overnight **Maritim Jolie Ville Kings Island Resort** (B,L )

## April 2<sup>nd</sup>–Day 4 Wednesday **Valley of the Kings, Ramesseum, Hatshepsut’s Temple and Luxor Temple**

After breakfast we will embark on our exploration of the sites on the **West Bank** including the **Valley of the Kings**, the **Ramesseum**, the **Colossi of Memnon**, and the **Hatshepsut’s Temple**. First we visit the **Valley of the Kings** where we will view some of the ancient tombs filled with beautifully symbolic artwork. Afterwards, we go to the **Ramesseum**, the mortuary temple of Ramses II, where you will see the incredible remnants of huge megalithic monuments.

After a relaxing lunch we’ll stop at the **Colossi of Memnon**, we’re off to the mystical **Hatshepsut’s Temple**, a beautiful work of architecture, by Senemut (believed by some to be her lover), **Hatshepsut’s Mortuary Temple** is nestled in the valley basin of Deir el-Bahari, surrounded by steep and enigmatic cliffs.

We will have time to relax at our Hotel before we leave to explore mysteries of the enigmatic **Temple of Luxor**, under the stars of the early evening.

## Luxor Temple

Linked to **Karnak Temple** by the **Avenue of Sphinxes**, **Luxor Temple** utilizes similar patterns of sacred geometry in its design. In his book, *Lost Technologies of Ancient Egypt*, **Christopher Dunn** speaks of the almost perfectly crafted- “with uncompromising precision”, head of Ramses II, found at the entrance of **Luxor Temple**, displays an *amazing symmetry of features that incorporates Fibonacci Spirals, Pythagorean Triangles, the Flower of Life*, and more. Chris’s phrase, “**divine harmony and iconic art combine in a symphony cut into stone**”, would aptly describe much of what we’ll see at the monuments and temples here in Egypt!

. After 15 years of intense study, Alchemist, **R. A. Schwaller de Lubicz**, called the **Luxor Temple- “The Temple of Man”**, in a book in which explored the connectedness of ancient Egyptian philosophy, spirituality, mathematics, and science. Lubicz’s theory that the **Luxor Temple** was designed to replicate all aspects of Man (body, mind and spirit), is well documented and has gained support from many Alternative Egyptologists, such as John Anthony West. See what our experts think and then decide for yourselves, after exploring its depths with us! The rest of your evening is free.

Overnight **Maritim Jolie Ville Kings Island Resort** (B,L)

## April 3<sup>rd</sup> – Day 5 Thursday **Abydos and Dendera**

After an early breakfast, we will drive by motor coach to the ancient pilgrimage site of **Abydos** to visit the **Temple of Osiris** and the very ancient **Osirion Temple**.

At the **Seti I Temple**, dedicated to Osiris, we will discuss the symbolism as we view the masterful craftsmanship of the beautiful depictions that cover the walls. Behind this Temple lies the megalithic **Osirion**, similar to the **Valley Temple in Giza**, that the indigenous tell us is 35,000-50,000 years old or more. It is here that several depictions of the **Flower of Life** can be seen on the huge pillars. Local villagers claim that the water that accumulates in this structure has valuable healing properties.

Afterwards, we drive to **Dendera** to visit the incredible **Temple of Hathor**. Star maps depicted on the ceilings in this temple, and the replica of famous **Dendera Zodiac** (the original is displayed at the Louvre in Paris) point to the ancient origins of astrology and superior knowledge of our cosmos. **Hathor (Het-Hert)**, the Netert who personified motherhood, beauty, sexuality, love, joy, harmony, dance and music was often associated with the planet, Venus. She was known as the **Lady of the Stars**, and represented the nurturing solar *food* of the Sun's rays, required for birth, growth and renewal.

Overnight **5-Star Nile Cruise Ship, Luxor** (B,L,D)

**Optional** activities while in Luxor include shopping at the souks and bazaars, visiting the **Luxor Museum**, fellucca sailing or exploring the treasures that **Luxor** (ancient Thebes) has to offer on your own! You will also have the opportunity to enjoy an optional Hot Air Balloon ride over the West Bank.

## April 4<sup>th</sup> –Day 6 Friday **Karnak Temple**

One can never have enough time to fully explore all the riches of **Karnak Temple**, where we will spend the entire morning after an early breakfast. An avenue of ram-headed sphinxes leads us into the gigantic complex, which includes temples dedicated to **Amun**, a Neter representing an aspect or stage of the Sun, and **Khonsu**, who represents the Moon.

We will visit the powerful **Chapel of Sekhmet**, the Netert who represents the potent and purifying energies of the sun. **Sekhmet** personifies the solar rays that provide the electromagnetic energy required to sustain life and the earth's grid. As the lioness, she symbolizes the powerful and fierce, yet protective love, akin to that of any mother. **Sekhem**, means "power" and **Sekhmet** is the electrical spark that provides the necessary energy to perform what we have been told are mystical, magical and powerful feats, including the healing of the physical body. She is the Life Force. Be prepared to experience a morning you will never forget! The powerful sacred geometric design and natural elements of the architecture itself has the ability to transform and raise levels of awareness and consciousness as you walk through this and many other temples.

### **Karnak Temple**

Shortly after returning to the ship, we set sail on our spectacular **Cruise on the Nile**. Enjoy viewing the lush countryside and life along the river's banks, much of which appears as it did thousands of years ago!

**Evening Lecture with Yousef Awyan**

**Overnight Nile Cruise (B,L,D)**

## April 5<sup>th</sup> – Day 7 Saturday **Esna and Kom Ombo Temples**

We will arrange for an special early morning visit to the **Temple of Khnum** at Esna. The most interesting and mystical depictions in the Temple are found on the ceiling, which is decorated with astronomical symbolism, that include the sky Goddess Nut, the Dog Star, Orion's belt, and Alpha Draconis.

After an afternoon of sailing we will stop at **Kom Ombo**, where we'll visit the twin temples dedicated to the crocodile Neter, **Sobek** and **Horus, the Elder**. We will discuss the aspects of nature and our cosmos represented by the Neteru and how they relate to awakening our senses and raising our levels of awareness. We will speak of the powerful initiations that were once practiced here, and how we can tap into the profound and self empowering lessons experienced here by the ancients. You will also have the opportunity to view depictions of various medical instruments and alchemical healing practices.

**Evening Lecture with Gary Evans**

Overnight **Nile Cruise** (B, L, D)

## April 6th- Day 8 Sunday **Temple of Isis at Philae, the Unfinished Obelisk**

We will take a motorboat to the enchanting **Island of Philae**, and the powerful **Temple of Auset (Isis)**. **Auset** is associated with the ancients' most highly revered star, Sirius. The annual rising of Sirius was synonymous with the flooding of the River Nile, which left huge deposits of silt, the very valuable black earth or "KMT" (Khemit) for which Egypt was named. She is usually depicted wearing the throne, or "seat of power", reflecting the matriarchal nature of the very ancient civilization. After sharing some of the highlights of this site together, you will have time to explore its captivating wonders on your own.

Afterwards, we will explore the famous **Aswan** quarry that is home to the 1,200 ton **Unfinished Obelisk**, that only a handful of cranes worldwide could lift today, and other significant evidence of higher technologies used by the ancient Khemitians.

After our buffet lunch, served on our cruise ship, your afternoon and evening are free- or you are invited to join us on an optional felluca ride or shopping trip to the famous souks of Aswan.

**Nile Cruise** (B, L, D)

## April 7<sup>th</sup> - Day 9 Monday **Elephantine Island and Nubian Village**

You will have the option to travel, very early in the morning, individually, or *as a group* to the magnificent **Temples of Ramses II** and his **Queen Nefertari at Abu Simbel on the banks of Lake Nasser**.

Later in the morning we're off to **Elephantine Island**, in **Aswan**, to explore the site that is home to the temple dedicated to the Neter, **Khnum**, who was the "master of the mysteries of water". Scattered throughout this site we find many remnants displaying the superior technologies of pre-dynastic times.

Two museums here offer an eclectic and unique array of artifacts found from the different civilizations that utilized the area during various time periods.

Afterwards we'll take a scenic motorboat ride up the Nile to the Nubian Village where we'll spend the afternoon with a beautiful Nubian family. We will enjoy a fabulous Nubian meal cooked especially for us by the lovely ladies of the house, and learn about the cultural practices of the Nubian people, some of which date back to very ancient times. There will be time for shopping at the Nubian souk before we embark on our journey back. Bring your bathing suits, as there might be an opportunity to swim in the clear and crisp waters of the Nile River!

**Overnight** **Movenpick 5 Star Resort** (or similar) **Aswan** (B, L)

## April 8<sup>th</sup> - Day 10 Monday **Flight to Cairo and Memphis**

After breakfast we will fly to Cairo and check into the Mercure Hotel. We will then leave on our motor coach to visit the open air museum at Memphis. Memphis or Menefer, “the Land of Harmony” (part of modern day Mit Rahina), was once connected to the complex at Saqqara.

Afterwards we'll return to Giza to visit the El Omda One Thousand and One Night Perfumery

Overnight **Mercure Hotel** Giza (B, L)

## April 9<sup>th</sup>–Day 11 Wednesday **Dashur & Saqqara**

After an early Breakfast we will travel by motor coach to the ancient site of **Dashur** where we will visit the **Red and Bent Pyramids**, attributed to the King Sneferu. The title *Sneferu* translates as “double harmony” and refers to the different tones of frequency that these pyramids vibrate with. Yousef and Gary will help us to collectively awaken and activate the energies of the **Red Pyramid** when we enter the resonance chambers within. We'll stop for a quick lunch on our way to spend the afternoon at **Saqqara**, home of the **Step Pyramid** attributed to King Zjoser.

We will experience the *still active* healing energies of the **ancient “Hospital”** at Saqqara and discuss the many references to the importance of balancing the polarized energies within and without. You will be lead on an exploration of the area that surrounds the **Pyramid of Wenis (Unas)**, which displays all the elements of ancient “Per Neters” or **energy devices**.

**The Serapeum** A highlight of our day will be a visit to the newly opened **Serapeum**, a huge subterranean complex. A long hallway that runs in east/west directions is flanked by chambers that house gigantic, highly crystalline stone boxes. Many believe that Bulls associated with the Apis Bull cult were buried in them.

**However--no bulls or human bodies were found in any of these huge boxes ---that were made with an extremely advanced technology.** When excavated in 1852, all twenty-four boxes, weighing 60-80 tons, had been plundered. Their lids had been pried loose and the contents taken. Our collective research shows that these boxes are far more ancient than the writings found on and around them, and were an integral part of a huge energy device. You need to view all the elements for yourself to truly fathom how it may have functioned.

We'll return back to the **Mercure Hotel**, Evening is free (B,L)

### April 10th –Day 12 Thursday **The Pyramids of Fayuum**

After an early breakfast we will leave for our visit to the pyramids at the **Fayuum Oasis, Hawara, El Lahun** and **Meidum**.

Very little attention has been given to these rarely visited pyramids, however, you will be amazed at the many mysteries and anomalies we will discuss, see and experience while there. We will visit the site that Herodotus said “surpassed the pyramids in its grandeur”– where the incredible two storied ancient **Labyrinth**, that housed 3,000 chambers (1,500 above the ground and 1,500 below) once sat at **Hawara**. We will view how the frequencies of the once fully active site at **el Lahun** have transformed the rocks and structures that lay around it. You will have the opportunity to enter the pyramid at **Meidum** and explore the mysteries within the enigmatic mastaba beside it.

**Late Afternoon Lecture with Patricia Awyant**

Overnight **Mercure Hotel** Giza (B, L)

April 11<sup>th</sup>–Day 13 Friday Saturday Giza and the Great Pyramid

Early morning Private Visit “Between the Paws of the Sphinx” followed by a Private Entry into the King’s Chamber of the Great Pyramid.

We will visit the Giza Plateau for our dawn visit between the “Paws of Tefnut” (the Sphinx). We will have the opportunity to meditate together here at one of the most powerful spots on earth!

We will also have time to explore the area and see the evidence of water erosion that Geologist, Robert Schoch tells us was caused by rain pelting against the limestone enclosure for many centuries. This helps to confirm Hakim’s teaching that that *She*—Tefnut, is at least 32,000 years old or older!

Next...we’re off to enter the King’s Chamber of the Great Pyramid

*Gary and Yousef will help us to achieve the tone of resonance with the highly crystallized granite of the chamber walls and “resonance box” during a group sound activation.*

Farewell Dinner

Overnight **Mercure Hotel** - Giza (B,D)

**April 12<sup>th</sup> –Day 14 Saturday** Following breakfast you will be driven to the **Cairo Airport** for your final departure. (B)
