

HOLIDAY BUDGET TOUR – December 20th – 29th, 2014

Explore the Ancient Mysteries in **Mystical, Magical Egypt!**

Featuring Speakers Yousef & Patricia Awyan along with Tour Guide, Mohamed Ibrahim

During this unique adventure we will take an in depth look at the anomalies found at the sites throughout Egypt, and examine the evidence and discuss the remarkable indications of what is possibly the world's greatest secret-- that a highly advanced civilization with superior intelligence and capabilities once inhabited our planet thousands of years ago.

Together our Speakers will provide the opportunity for you to Explore, Learn and Discover, as well as hold a space for you to Feel, Meditate and Experience the Intense Energies at the Powerful Sites here in Egypt.

Prepare to discard much of what you've been told about ancient Egypt—and Peru, and open your eyes, minds and hearts to a entirely new perspective -- generated by research and discoveries that confirm the teachings of Yousef's father, Abd'el Hakim Awyan.

December 20th - Day 1 Saturday **Cairo**

A transfer representative will meet you at the airport to assist you with entry formalities, and escort you to the luxurious 5-Star **Mercure Pyramids Hotel & Spa in Giza**, less than 5 minutes from the Giza Plateau.

We will all enjoy a **Welcome Dinner** together. Overnight **Mercure Hotel** - Giza (D)

December 21th - Day 2 **Sunday Dashur & Saqqara**

After an early Breakfast we will travel by motor coach to the ancient site of **Dashur** where we will visit the **Red and Bent Pyramids**, attributed to the King Sneferu. The title *Sneferu* translates as “double harmony” and refers to the different tones of frequency that these pyramids vibrate with. Yousef and Gary will help us to collectively awaken and activate the energies of the **Red Pyramid** when we enter the resonance chambers within. We’ll stop for a quick lunch on our way to spend the afternoon at **Saqqara**, home of the **Step Pyramid** attributed to King Zjoser.

We will experience the *still active* healing energies of the **ancient “Hospital”** at Saqqara and discuss the many references to the importance of balancing the polarized energies within and without. You will be lead on an exploration of the area that surrounds the **Pyramid of Wenis (Unas)**, which displays all the elements of ancient “Per Neters” or *energy devices*.

The Serapeam A highlight of our day will be a visit to the newly opened **Serapeum**, a huge subterranean complex. A long hallway that runs in east/west directions is flanked by chambers that house gigantic, highly crystalline stone boxes. Many believe that Bulls associated with the Apis Bull cult were buried in them.

However--no bulls or human bodies were found in any of these huge boxes ---that were made with an extremely advanced technology. When excavated in 1852, all twenty-four boxes, weighing 60-80 tons, had been plundered. Their lids had been pried loose and the contents taken. Our collective research shows that these boxes are far more ancient than the writings found on and around them, and were an integral part of a huge energy device. You need to view all the elements for yourself to truly fathom how it may have functioned.

We'll return back to the **Mercure Hotel**, Evening is free (B,L)

December 22nd - Day 3 Monday **Giza Pyramids, Valley Temple, Sphinx and the Egyptian Museum**

After an early buffet breakfast, our motor coach will bring you to the world famous **Giza Plateau**. After exploring the area around Pyramids, we will drive to higher spot with a beautiful panoramic view of the Pyramids. Here you will have the *option of riding a camel* (or riding in our motor coach) to explore **Valley Temple** next to the **Sphinx**, with its alabaster floor and huge, intricately laid blocks—so similar to many constructions found in Peru! We will point out and discuss the many “smoking guns” that exist within and outside this amazing temple.

After lunch, our air conditioned motor coach will take us to the world famous **Egyptian Museum**. You will see many amazing artifacts collected from sites all over Egypt, including the gold sarcophagus & jewelry on display at the **King Tut Exhibit**. We will point out the **Schist Disk**, made famous by Hakim’s observation that it is clearly evidence of the superior technology of the ancient Khemitians. Tucked in a back corner on the first floor you will see evidence of how this spinning disk may have actually worked!

Overnight **Mercure Hotel** - Giza (B, L)

December 23rd - –Day 4 Tuesday Flight to Luxor Valley of the Kings, Hatshepsut’s Temple, the Colossi of Memnon and evening visit to Luxor Temple

After breakfast, we leave for our morning flight to **Luxor** and check into the deluxe 5-Star **Maritim Jolie Ville Kings Island Resort**, situated on its own private island, surrounded by the majestic Nile River.

Afterwards we will embark on our exploration of the sites on the **West Bank** including the **Valley of the Kings**, **Hatshepsut’s Temple** and the **Colossi of Memnon**. First we visit the **Valley of the Kings** where we will view some of the ancient tombs filled with beautifully symbolic artwork.

Next we're off to the mystical **Hatshepsut's Temple**, a beautiful architecture wonder, engineered by Senemut (believed by some to be her lover), **Hatshepsut's Mortuary Temple** is nestled in the valley basin of Deir el-Bahari, surrounded by steep and enigmatic cliffs. After visiting the magnificent Colossi of Memnon we will have lunch together at a restaurant nearby. Your evening will be free.

Overnight **Maritim Jolie Ville Kings Island Resort** (B,L)

December 24th –Day 5 Wednesday **Abydos and Dendera**

After an early breakfast, we will drive by motor coach to the ancient pilgrimage site of **Abydos** to visit the **Temple of Osiris** and the very ancient **Osirieon Temple**.

At the **Seti I Temple**, dedicated to Osiris, we will discuss the symbolism as we view the masterful craftsmanship of the beautiful depictions that cover the walls. Behind this Temple lies the megalithic **Osirieon**, similar to the **Valley Temple in Giza**, that the indigenous tell us is 35,000-50,000 years old or more. It is here that several depictions of the **Flower of Life** can be seen on the huge pillars. Local villagers claim that the water that accumulates in this structure has valuable healing properties.

Afterwards, we drive to **Dendera** to visit the incredible **Temple of Hathor**, a site that **Chris Dunn** remarked should have been listed as one of the ancient wonders of our world! Star maps depicted on the ceilings in this temple, and the replica of famous **Dendera Zodiac** (the original is displayed at the Louvre in Paris) point to the ancient origins of astrology and superior knowledge of our cosmos. **Hathor (Het-Hert)**, the Netert who personified motherhood, beauty, sexuality, love, joy, harmony, dance and music was often associated

with the planet, Venus. She was known as the *Lady of the Stars*, and represented the nurturing solar *food* of the Sun's rays, required for birth, growth and renewal.

Overnight **Maritim Jolie Ville Kings Island Resort** (B,D)

December 25th –Day 6 Thursday **Christmas Day on the Nile - Luxor Temple at Night**

After breakfast, you will have a leisurely morning to yourselves before we check out at 11:00 AM and leave to check into our rooms on the magnificent 5-Star M/S Alyssa cruise ship. You will have the day to yourselves or you may take advantage of many optional side trips.

You will also have the opportunity to enjoy an optional Hot Air Balloon ride over the West Bank.

In the early evening we will leave for our evening visit to the Luxor Temple!

Luxor Temple

We will explore the mysteries of the enigmatic **Luxor Temple** in the early evening. Linked to **Karnak Temple** by the **Avenue of Sphinxes**, **Luxor Temple** utilizes similar patterns of sacred geometry in its design. **Chris Dunn's** ground breaking study of the almost perfectly crafted- "with uncompromising precision", head of Ramses II, found at the entrance of **Luxor Temple**, displays an *amazing symmetry of features that incorporates Fibonacci Spirals, Pythagorean Triangles, the Flower of Life*, and more. Chris's

phrase, “**divine harmony and iconic art combine in a symphony cut into stone**”, would aptly describe much of what we’ll see at the monuments and temples here in Egypt!

. After 15 years of intense study, Alchemist, **R. A. Schwaller de Lubicz**, called the **Luxor Temple**- “**The Temple of Man**”, in a book in which explored the connectedness of ancient Egyptian philosophy, spirituality, mathematics, and science. Lubicz’s theory that the **Luxor Temple** was designed to replicate all aspects of Man (body, mind and spirit), is well documented and has gained support from many Alternative Egyptologists, such as John Anthony West. See what our experts think and then decide for yourselves, after exploring its depths with us!

The rest of your evening is free.

Overnight Alyssa Cruise Ship (B,L,D)

December 26th - Day 7 Friday **Karnak Temple and Nile Cruise**

After an early breakfast we’ll leave for our visit to **Karnak**, the world’s largest temple. One can never have enough time to fully explore all the riches of **Karnak**, where we will spend the entire morning after an early breakfast. An avenue of ram-headed sphinxes leads us into the gigantic complex, which includes temples dedicated to **Amun**, a Neter representing an aspect or stage of the Sun, and **Khonsu**, who represents the Moon.

We will visit the powerful **Chapel of Sekhmet**, the Netert who represents the potent and purifying energies of the sun. **Sekhmet** personifies the solar rays that provide the electromagnetic energy required to sustain life and the earth’s grid. As the lioness, she symbolizes the powerful and fierce, yet protective love, akin to that of any mother. **Sekhem**, means “power” and **Sekhmet** is the electrical spark that provides the necessary energy to perform what we have been told are mystical, magical and powerful feats, including the healing of the physical body. She *is* the Life Force. Be prepared to experience a morning you will never forget!

Karnak Temple

The powerful sacred geometric design and natural elements of the architecture itself has the ability to transform and raise levels of awareness and consciousness as you walk through this and many other temples.

Afterwards, we have our buffet lunch on the cruise ship, just before we set sail up the Nile.

Afternoon and evening free. Overnight Alyssa Cruise (B,L,D)

December 27th - Day 8 Saturday The Temple of Horus and Sobek at Kom Ombo

After our buffet breakfast onboard, your morning is free.

We set sail on our spectacular **Cruise on the Nile** as we enjoy lunch together. Enjoy viewing the lush countryside and life along the river's banks, much of which appears as it did thousands of years ago!

After a buffet breakfast, we can either gather for a lecture, or you can enjoy the morning as free time.

After lunch and an afternoon of sailing we will stop at **Kom Ombo**, where we'll visit the twin temples dedicated to the crocodile Neter, **Sobek** and **Horus, the Elder**. We will discuss the aspects of nature and our cosmos represented by the Neteru and how they relate to awakening our senses and raising our levels of awareness. We will speak of the powerful initiations that were once practiced here, and how we can tap into the profound and self empowering lessons experienced here by the ancients. You will also have the opportunity to view depictions of various medical instruments and alchemical healing practices.

Overnight Nile Cruise (B, L, D)

Kom Ombo Temple

December 28th - Day 9 Sunday Temple of Isis at Philae, the Unfinished Obelisk

After breakfast, we will take a motorboat to the enchanting **Island of Philae**, and the powerful **Temple of Auset (Isis)**. **Auset** is associated with the ancients' most highly revered star, Sirius. The annual rising of Sirius was synonymous with the flooding of the River Nile, which left huge deposits of silt, the very valuable black earth or "KMT" (Khemit) for which Egypt was named. She is usually depicted wearing the throne, or "seat of power", reflecting the matriarchal nature of the very ancient civilization. After sharing some of the highlights of this site together, you will have time to explore its captivating wonders on your own.

Afterwards, we will explore the famous **Aswan** quarry that is home to the 1,200 ton **Unfinished Obelisk**, that only a handful of cranes worldwide could lift today, and other significant evidence of higher technologies used by the ancient Khemitians.

After our buffet lunch, served on our cruise ship, your afternoon and evening are free or you can choose an optional activity or site visit. Overnight **Nile Cruise** (B, L, D)
