## February 8th - Day 2 Saturday    Pyramids of Giza

After an early buffet breakfast, our motor coach will bring you to the world famous **Giza Plateau**.

After exploring the area around Pyramids, we will drive to higher spot with a beautiful panoramic view of the Pyramids. Here you will have the **option of riding a camel** (or riding in our motor coach) to explore **Valley Temple** next to the **Sphinx**, with its alabaster floor and huge, intricately laid blocks—so similar to many constructions found in Peru! We will point out and discuss the many “smoking guns” that exist within and outside this amazing temple.

Afterwards we will enjoy lunch together at Yousef’s and Patricia’s favourite restaurant in their village of Nazlet el Saman.

Overnight **Mercure Cairo Le Sphinx Hotel** - Giza (B,L)

## February 9th - Day 3 Sunday Dashur & Saqqara

After an early Breakfast we will travel by motor coach to the ancient site of **Dashur** where we will visit the **Red and Bent Pyramids**, attributed to the King Sneferu. The title **Sneferu** translates as “double harmony” and refers to the different tones of frequency that these pyramids vibrate with. Yousef will help us to collectively awaken and activate the energies of the **Red Pyramid** when we enter the resonance chambers within.

We'll stop for a quick lunch on our way to spend the afternoon at **Saqqara**, home of the **Step Pyramid** attributed to King Zjoser. We will experience the *still active* healing energies of the **ancient —Hospital** at Saqqara and discuss the many references to the importance of balancing the polarized energies within and without. You will lead on an exploration of the area that surrounds the **Pyramid of Wenis (Unas)**, which displays all the elements of ancient “Per Neters” or **energy devices**.

A highlight of our day will be a visit to the newly opened **Serapeum**, a huge subterranean complex. A long hallway that runs in east/west directions is flanked by chambers that house gigantic, highly crystalline stone boxes. Many believe that Bulls associated with the Apis Bull cult were buried in them. **However--no bulls or human bodies were found in any of these huge boxes ---that were made with an extremely advanced technology.** Our collective research shows that these boxes are far more ancient than the writings found on and around them, and were an integral part of a huge energy device. You need to view all the elements for yourself to truly fathom how it may have functioned.

We'll return back to the **Mercure Cairo Le Sphinx Hotel**, Evening is free (B,L)

**February 10th - Day 4 Monday Egyptian Museum and Flight to Luxor**

After breakfast, our air conditioned motor coach will take us to the world famous Egyptian Museum. You will see many amazing artifacts collected from sites all over Egypt, including the gold sarcophagus & jewelry on display at the **King Tut Exhibit**. We will point out the **Schist Disk**, made famous by Hakim's observation that it is clearly evidence of the superior technology of the ancient Khemitians. Tucked in a back corner on the first floor you will see evidence of how this spinning disk may have actually worked!

We will board an evening flight to Luxor and check into the deluxe 5-Star **Maritim Jolie Ville Kings Island Resort**, situated on its own private island, surrounded by the majestic Nile River.

Overnight **Maritim Jolie Ville Kings Island Resort (B,L)**

**February 11th - Day 5 Tuesday Valley of the Kings, Hatshepsut Temple and Ramasseum**

After breakfast we will embark on our exploration of the sites on the **West Bank** including the **Valley of the Kings**, the **Ramesseum**, the **Colossi of Memnon**, and **Hatshepsut's Temple**. First we visit the **Valley of the Kings** where we will view some of the ancient tombs filled with beautifully symbolic artwork. Afterwards, we go to the **Ramesseum**, the mortuary temple of Ramses II, where you will see the incredible remnants of huge megalithic monuments.

After a stop at the **Colossi of Memnon**, we're off to the mystical **Hatshepsut's Temple**, a beautiful work of architecture, by Senemut (believed by some to be her lover), **Hatshepsut's Mortuary Temple** is nestled in the valley basin of Deir el-Bahari, surrounded by steep and enigmatic cliffs.

Overnight **Maritim Jolie Ville Kings Island Resort** (B,L)

### February 12th - Day 6 Wednesday Dendera and Abydos

After an early breakfast, we will drive by motor coach to **Dendera** to visit the incredible **Temple of Hathor**, a site that **Chris Dunn** remarked should have been listed as one of the ancient wonders of our world! Star maps depicted on the ceilings in this temple, and the replica of famous **Dendera Zodiac** (the original is displayed at the Louvre in Paris) point to the ancient origins of astrology and superior knowledge of our cosmos. **Hathor (Het-Hert)**, the Netert who personified motherhood, beauty, sexuality, love, joy, harmony, dance and music was often associated with the planet, Venus. She was known as the **Lady of the Stars**, and represented the nurturing solar *food* of the Sun's rays, required for birth, growth and renewal.

Afterwards, we drive to the ancient pilgrimage site of **Abydos** to visit the **Temple of Osiris** and the very ancient **Osirion Temple**.

At the **Seti I Temple**, dedicated to Osiris, we will discuss the symbolism as we view the masterful craftsmanship of the beautiful depictions that cover the walls. Behind this Temple lies the megalithic **Osirion**, similar to the **Valley Temple in Giza**, that the indigenous tell us is 35,000-50,000 years old or more. It is here that several depictions of the **Flower of Life** can be seen on the huge pillars. Local villagers claim that the water that accumulates in this structure has valuable healing properties.

Overnight **Maritim Jolie Ville Kings Island Resort** (B,L )

### **February 13th - Day 7 Thursday Free morning, Shopping and Luxor Temple in the evening**

After breakfast at your leisure, we will leave to check into our rooms on our 5-Star Luxury Cruise Ship.

We will explore the mysteries of the enigmatic **Luxor Temple** in the early evening. Linked to **Karnak Temple** by the **Avenue of Sphinxes**, **Luxor Temple** utilizes similar patterns of sacred geometry in its design. After 15 years of intense study, Alchemist, **R. A. Schwaller de Lubicz**, called the **Luxor Temple- —The Temple of Man** , in a book in which explored the connectedness of ancient Egyptian philosophy, spirituality, mathematics, and science. Lubicz's theory that the **Luxor Temple** was designed to replicate all aspects of Man (body, mind and spirit), is well documented and has gained support from many Alternative Egyptologists, such as John Anthony West. The rest of your evening is free.

Overnight **Nile Cruise** (B,L,D )

## **February 14th - Day 8 Friday Karnak Temple**

**Special Sunrise visit to Karnak Temple**, the world's largest temple. One can never have enough time to fully explore all the riches of **Karnak**, where we will spend the entire morning after an early breakfast. An avenue of ram-headed sphinxes leads us into the gigantic complex, which includes temples dedicated to **Amun**, a Neter representing an aspect or stage of the Sun, and **Khonsu**, who represents the Moon.

We will visit the powerful **Chapel of Sekhmet**, the Neter who represents the potent and purifying energies of the sun. **Sekhmet** personifies the solar rays that provide the electromagnetic energy required to sustain life and the earth's grid. As the lioness, she symbolizes the powerful and fierce, yet protective love, akin to that of any mother. **Sekhem** , means "power" and **Sekhmet** is the electrical spark that provides the necessary energy to perform what we have been told are mystical, magical and powerful feats, including the healing of the physical body. She *is* the Life Force. Be prepared to experience a morning you will never forget!

***The powerful sacred geometric design and natural elements of the architecture itself has the ability to transform and raise levels of awareness and consciousness*** as you walk through this and many other temples.

Shortly after returning to the ship, we set sail on our spectacular **Cruise on the Nile**. Enjoy viewing the lush countryside and life along the river's banks, much of which appears as it did thousands of years ago!

### **Afternoon or Evening Healing Sessions with Roz**

Overnight **Nile Cruise** (B,L,D )

## February 15th - Day 9 Saturday Esna and Kom Ombo Temples

We will arrange for an early morning visit to the **Temple of Khnum** at Esna. The most interesting and mystical depictions in the Temple are found on the ceiling, which is decorated with astronomical symbolism, that include the sky Goddess Nut, the Dog Star, Orion's belt, and Alpha Draconis.

After an afternoon of sailing we will stop at **Kom Ombo**, where we'll visit the twin temples dedicated to the crocodile Neter, **Sobek** and **Horus, the Elder**. We will discuss the aspects of nature and our cosmos represented by the Neters and how they relate to awakening our senses and raising our levels of awareness. We will speak of the powerful initiations that were once practiced here, and how we can tap into the profound and self empowering lessons experienced here by the ancients. You will also have the opportunity to view depictions of various medical instruments and alchemical healing practices

## February 16th - Day 10 Sunday The Unfinished Obelisk and Temple of Isis at Philae

After breakfast, we will explore the famous **Aswan** quarry that is home to the 1,200 ton **Unfinished Obelisk**, that only a handful of cranes worldwide could lift today, and other significant evidence of higher technologies used by the ancient Khemitians.

After our buffet lunch onboard our cruise ship, we will take a motorboat to the enchanting **Island of Philae**, and the powerful **Temple of Auset (Isis)**. **Auset** is associated with the ancients' most highly revered star, Sirius. The annual rising of Sirius was synonymous with the flooding of the River Nile, which left huge deposits of silt, the very valuable black earth or "KMT" (Khemit) for which Egypt was named. She is usually depicted wearing the throne, or "seat of power", reflecting the matriarchal nature of the very ancient civilization. After sharing some of the highlights of this site together, you will have time to explore its captivating wonders on your own.

Afterwards, there will be time for shopping at the world famous Aswan Souks, known for their offerings of fragrant spices, hand crafted items and jewelry, scarves and colorful galabeyas.

### Optional Multi-Dimensional Healing Workshop

**Multi-Dimensional Healing** is a modality that targets the core spiritual, emotional, mental and physical issues hindering one's ability to heal. It effectively clears the body of dysfunctional patterns - patterns formed by poor role modeling, learned behavior and indoctrinated belief. ***The key objective of Multi-Dimensional Healing is to harmonize the body's natural cycles so that the individual may re-activate healthy patterns within the conscious and subconscious mind.*** The practitioner can empower their client to continue the healing process long after the session is complete.

Considering the physical pressures of life, cellular memory, one's very DNA and the unique genetic blueprint locked within, the influencing factors leading up to conception, life in the womb and even past-life memory into consideration, Multi-Dimensional Healing works to establish a link between how "dis-ease" can manifest itself as illness at any time in one's life. ***Multi-Dimensional Healing effectively raises the client's awareness of these vibrations and how to resolve them for themselves.***

As an integral part of the healing process, Roz will also provide a deeper understanding of the use of **Vibrational Essences** in the healing process. During this one day workshop, you will learn how to facilitate this healing modality.

**Roz will be offering Multi-Dimensional Healing Sessions throughout the course of the Journey.**
