Featuring PRIVATE VISITS Between the Paws of the Sphinx and the King's Chamber.

This Spiritual Adventure will focus on identification and release of core beliefs that no longer serve us, in order to create a space for the unlimited possibilities that are our birthright – as Patricia Awyan, unveils the Secrets hidden within the ancient Symbolism.

Also featuring Khemitologists, Yousef Awyan, and Mohamed Ibrahim, our Tour Guide, who will share their knowledge and wisdom at the ancient sites

Learn how the Ancient Egyptian Neteru and Symbolism collectively provide multi-dimensional maps of the nature of our reality, the eternal holographic cycling of all life forms, and how we can achieve higher levels of consciousness and open the pathways to Ma'at, divine resonance, peace, vibrant health and balance within—and reflected without.

Nothing we think is REAL really IS…

During this Sacred Journey within and without, we will seek to discover ourselves as we examine what is truly significant in our lives and what is a "programmed" illusion. We can learn to hear the pure essence of cosmic consciousness when we bring our hearts and minds into a resonance within. Through our group work and experiencing of the powerful energies of the ancient sites, we will be guided to take a look at ourselves with new perspectives—that will open pathways to an empowered future.

What secrets are embedded within the symbol of the Sema Tawy ?

Sacred Initiation

Sacred Initiation occurs when we discover ourselves as we experience the universal reality that surrounds us. We increase our levels of awareness and frequency when we can, with positive and heartfelt intention. integrate an outside source of ignited light based energy and direct it inward (implosion)

Initiation into higher levels of awareness and consciousness does *NOT* require a guru, ceremonialist, high priest/priestess or self-proclaimed mystic to guide you, or by participating in rituals created with someone else's agenda.

Sacred Initiation occurs when we go *within* to experience the reflection of our and synergize the patterns and cycles of our body, mind and spirit with the universal matrix, collective consciousness and universal divine spirit of all that is.

This is the message that the Neteru left for us.

Sacred Initiation occurs when we find a harmonious resonance with our natural environment, recognizing that we all beat to the tune of the universe, each uniquely, and yet collectively creating its marvelous and infinite song.

November 6th –Day 1 Friday Cairo The seeds are planted…

A transfer representative will meet you at the airport to assist you with entry formalities, and escort you to the luxurious 5-Star **Mercure Pyramids Hotel & Spa in Giza**, less than 5 minutes from the Giza Plateau.

We will all enjoy a **Welcome Dinner** together followed by an introductory meeting filled with delightful surprises! It is essential to be in attendance as Patricia introduces the platform for creating our intentions for our powerful adventure together. Overnight **Mercure Sphinx Hotel** - Giza (D)

November 7th –Day 2 Saturday Virgin Mary's Tree The Divinely Feminine Archetype

After an early buffet breakfast shared together, our motor coach will bring us to an area hidden in the midst of the bustling life of modern day **Heliopolis** where we will find the peaceful sanctuary that houses **Virgin's Mary's Tree and Well** in **Matariya**. Here, according to a legend, Mary stopped and rested under the shade of a **sycamore tree** with Joseph and the infant Jesus during their travels in Egypt 2000 years ago. This tree (also associated with **Hathor** and **Nut**) has become famous for inspiring spontaneous healings. In a lovely shaded enclosure here, we will learn more about each other and our collective quest. Patricia will share the tenets of what the **sacred feminine** represented to the ancients and how we can utilize the healing and nurturing energy of the powerful Mother within ourselves.

After lunch, Patricia will continue her Lecture at our hotel in Giza.

The Pantheon of Egyptian Neteru (gods and goddesses) symbolize aspects or forces of nature with multi-dimensional meanings and significance-- including being representative of the 360 senses that the indigenous say we all once had, in a higher dimensional Golden Age called the "Age of Aten".

The lecture will include an introduction into how to view and experience the symbolism and energies we will be integrating at the sacred sites throughout our journey.

As above so below; and as within so without-
With this knowledge alone we can manifest miracles!

Afterwards we will enjoy dinner together.

Overnight **Mercure Sphinx Hotel** - Giza (B,L,D)

November 8th–Day 3 Sunday Drive to Minya, "Sound Healing" caves at Beni Hassan Self Evaluation

After an early breakfast, we will drive by motor coach to **el Minya** and check into our rooms at the **Grand Aton Hotel**, beautifully set in its own luxurious tropical and landscaped gardens, along the banks of the Nile River.

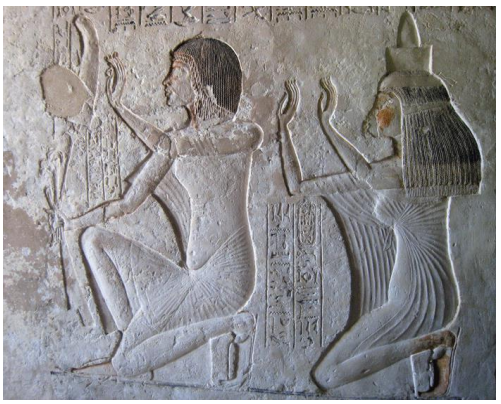
Next we're off to the site of **Beni Hassan**, which includes 39 rock-hewn tombs, from the Middle Kingdom, with a few dating back to the Old Kingdom. These caves known by the locals for their sound resonance acoustics and healing energies were created long before they were used as tombs. **Beni Hassan** is located on the eastern bank of the Nile, overlooking the river valley with magnificent views in both directions. The tombs display richly painted scenes of daily life from this time and we'll discuss the possibility that many of the images are depicting the "biblical" Hebrews.

Overnight Grand Aton Hotel, El Minya (B,L,D)

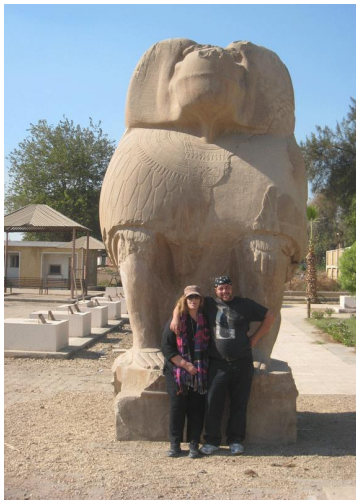
November 9th - Day 4 Monday Amarna, Ashmunien, Tuna el Gebel and Drive to Abydos

We'll leave early in the morning after our breakfast buffet, to explore the sites of **Akenaton's Tel el Amarna**. The **Amarna Period** was an era of Egyptian history during the latter half of the Eighteenth Dynasty when the royal residence of the pharaoh and his queen was shifted to ***Akhetaten,*** which translates as **"Horizon of the Aten",** in what is now modern-day **Amarna**. Aside from the rock cut tombs found here, the area contains the remains of many structures, such as the **Great Temple of the Aten** and the **Great Royal Palace,** that were built by **Akhenaton.**

What was Akhenaten trying to tell us? We will explore the implications of the message he left behind, and this can help us to open our own hearts to the unlimited potential that exists within.



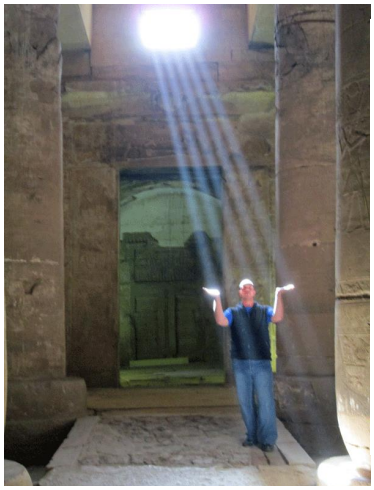
Our next stop is **El Ashmunein. *Khmun*,** the Ancient Egyptian name of **El Ashmunein, means** "eight-town", after the **Ogdoad**, a group of eight Neteru who represent the world before creation—or how we 'fell into matter'. The Greeks named the city **Hermopolis**, after Hermes or the Neter, **Djeheuti** (Thoth), who represents **cosmic consciousness** and more. Here we will see two majestic baboon statues.



Next we're off to visit **Tuna El Gebel** to explore the **Tomb of Petosiris**, a tomb constructed to look like a temple and the **Tomb of Isadora.** Afterwards we'll explore the large subterranean complex that contains the tombs of the mummified baboons and ibis birds and discuss the implications of such a gigantic 'underworld' construction. Afterwards we'll drive back to Abydos, check into our rooms at the **Abydos Hotel,** located just a short walk away from the **Seti I Temple**. We'll enjoy a home cooked supper together and tea on the rooftop with a marvellous view of the Temple at night. Overnight **Abydos Hotel** (B,D)

November 10th – Day 5 Tuesday **Seti I & Osirieon Temples, the Home of Om Seti, and the Sinki Pyramid**
After breakfast we'll start our morning with a workshop on the rooftop of the Hotel
followed by a visit to the temples of **Seti I & the Osirion.**

We will begin to identify the core beliefs that shape our perceptions of our reality.



At the **Seti I Temple**, dedicated to Osiris, we will discuss the symbolism as we view the masterful craftsmanship of the beautiful depictions that cover the walls. Behind this Temple lies the megalithic **Osirieon,** At the **Seti I Temple**, dedicated to Osiris, we will discuss the symbolism as we view the masterful craftsmanship of the beautiful depictions that cover the walls. Behind this Temple lies the megalithic **Osirieon,** similar to the **Valley Temple in Giza,** that the indigenous tell us is 35,000-50,000 years old or more. It is here that several depictions of the **Flower of Life** can been seen on the huge pillars. Local villagers claim that the water that accumulates in this structure has valuable healing properties.

After lunch we'll be treated to a visit to the last residence of **Om Sety** (16 January 1904 – 21 April 1981), known as the **Keeper of the Temple of Seti I** and draughtswoman for the Department of Egyptian Antiquities. She is especially well known for her belief that in a previous life she had been a priestess in Ancient Egypt, as well as her considerable historical research at Abydos. Her life and work has been the subject of many articles, television documentaries, and biographies. **A New York Times article described her life story as "one of the Western World's most intriguing and convincing modern case histories of reincarnation".** We may even hear stories told of her life by those that knew her well.

Next we're off to visit the little known site of the **Sinki Pyramid,** one of nine small pyramids dating to the earliest dynasties of Egyptian history found along the Nile Valley. It is said and written that the pyramid is built from mortar and limestone, however, upon close inspection we discovered the site was littered with blocks of petrified wood. A very powerful area, we will have time to wonder the site for more clues, and have a group meditation.

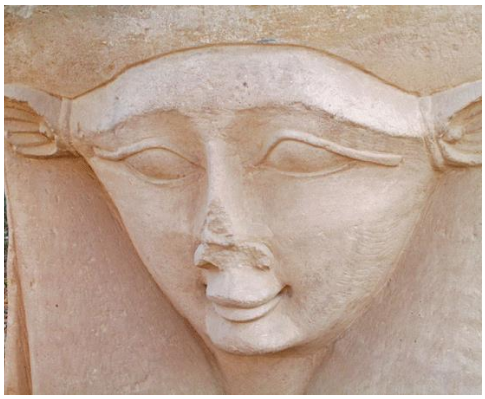
Patricia will lecture in the evening on the mysteries hidden within the Temple of Hathor at Dendera to prepare us for our visit tomorrow.

Overnight **Abydos Hotel** (B,L,D)

November 11th –Day 6 Wednesday Dendera NEW MOON Nurturing

After our buffet breakfast, we will be driven to **Dendera** to visit the incredible **Temple of Hathor**, a site that **Chris Dunn** remarked should have been listed as one of the ancient wonders of our world! Star maps depicted on the ceilings in this temple, and the replica of famous **Dendera Zodiac** (the original is displayed at the Louvre in Paris) point to the ancient origins of astrology and superior knowledge of our Solar System and its Cycles…and Cycles within Cycles.

Hathor (Het-Hert), the Netert who personified motherhood, beauty, sexuality, love, joy, harmony, dance and music was often associated with the planet, Venus. She was known as the ***Lady of the Stars***, and **represented the nurturing solar *food* of the Sun's rays, required for birth, growth and renewal**. Learn how we can utilize the feminine energies that Hathor represents throughout our pilgrimage of self-renewal.



We will explore the significance of this extraordinary temple together and then allow for time for everyone to explore its essence individually. We will conclude our visit with a group discussion and meditation in a special place on the temple grounds

We will identify core beliefs that no longer serve us, utilizing the energy of the New Moon phase of this cycle to determine what we need to let go of….

Afterwards we'll drive to Luxor and check into the Deluxe 5-Star **Maritim Jolie Ville Kings Island Resort,** situated on its own private island, surrounded by the majestic Nile River.

A lovely buffet dinner will be waiting for us and we will have free time to enjoy the amenities of this beautiful island resort.

Overnight **Maritim Jolie Ville Kings Island Resort** (B, L,D)

November 12h– Day 7 Thursday Felluca on the Nile, Desert Workshop with Bon Fire Release!

After breakfast **Patricia will provide personal intuitive counselling sessions**. Free time can be spent swimming in one of the Jolie Ville's beautiful pools or journaling on the patio by the riverside.

Next we will check into our rooms on the luxurious **5 Star Alyssa Nile Cruise** ship and have lunch before embarking on our **Felluca ride on the Nile.**

Bring your journals! Tonight we will gather beside a desert bonfire for a final release!

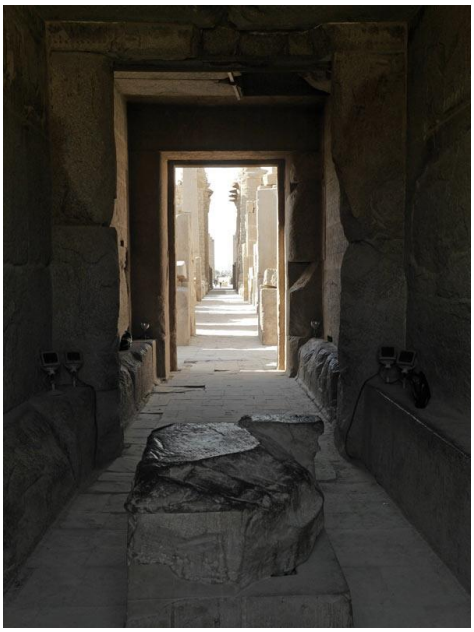
Today we will focus on releasing old patterns to prepare a space for creating beautiful new symphonies in our lives. It will be a celebration of release and passing of illusions---and the promise of new and unlimited potentials!

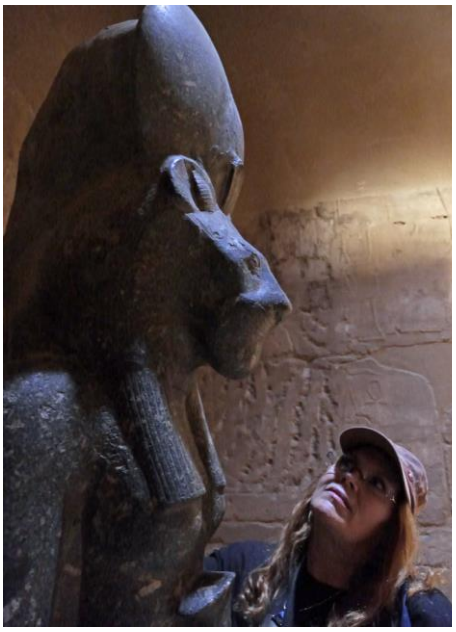
Afterwards, we'll have a buffet dinner together on board our cruise ship and meet on the upper deck afterwards for reflection. Optional trip to Luxor Temple will be offered.

Overnight Alyssa Nile Cruise (B, L,D)

November 13th – Day 8 Friday **Karnak and Mut Temples and Lecture** **Self-Empowerment!**

Early morning visit **to Karnak**, the world's largest temple. We will visit the powerful **Chapel of Sekhmet**, the Netert who represents the ***potent and purifying energies*** of the sun. **Sekhmet** personifies the solar rays that provide the electromagnetic energy required to sustain life and the earth's grid. As the lioness, she symbolizes the powerful and fierce, yet protective love, akin to that of any mother. ***Sekhem*** means "power" and **Sekhmet** is the electrical spark that provides the necessary energy to perform what we have been told are mystical, magical and powerful feats, including the healing of the physical body. **She *is* the Life Force.** Be prepared to experience a morning you will never forget!





The powerful sacred geometric design and natural elements of the architecture itself has the ability to transform and raise levels of awareness and consciousness

Next we will visit the newly opened **Precinct of Mut**, one of the four main temple enclosures that make up the **Karnak Temple Complex. Mut** is the Neter who represents the Sky at Night. She is the consort of **Amun** and gave birth to the moon, **Khonsu**. It is said that 720 or 730 statues of the leonine **Mut** (one for every day of the year, morning and evening) **once** graced this area that is cradled by a crescent shaped sacred lake.

Shortly after returning to our ship, we'll have lunch and set sail on our spectacular **Cruise on the Nile**. Enjoy viewing the lush countryside and life along the river's banks, much of which appears as it did thousands of years ago!

Dinner on the boat and Free Time Overnight, **Alyssa Nile Cruise** (B, L,D)

November 14th – Day 9 Saturday Nile Cruise , Lecture and Kom Ombo Temples

After breakfast we will gather together for a workshop. **Let the Magic begin!!!**

By late afternoon, our cruise ship will dock beside the **Temples of Sobek & Horus** at **Kom Ombo**. It is here that the ancient Initiates would face and learn how to digest their fear & anger (as represented by the **crocodile Neter, Sobek**), emotions that can severely inhibit our spiritual growth.

Horus (Heru), shows us how we can become the heroes of our own inner journeys when we transmute or tame these 'beasts' within and ascend through the boundaries of our dualistic natures, being re-birthed into a self-empowered dimension of reality.

November 15th –Day 10 Sunday Elephantine Island, Nubian Village and Temple of Isis at Philae

After breakfast we visit **Elephantine Island**, where Yousef and Mohamed will lead us on an exploration of this site that is home to the temple dedicated to the ram headed Neter, **Khnum**, who was the "master of the mysteries of water". **Khnum** is associated manifestation reminding us of our own **ability to manifest our heartfelt intentions.**

We will show you the area where many believe the **Ark of the Covenant** was once hidden on its possible travels to Ethiopia.

Next we'll enjoy a scenic boat ride to a **Nubian Village** located on the banks of the Nile. Here we will visit Fatima and her lovely family, and have time to shop at the Nubian Souks.

After lunch we will take a motorboat to the enchanting **Island of Philae**, and the powerful **Temple of Auset (Isis)**. **Auset** is associated with the ancients' most highly revered star, **Sirius.** The annual rising of Sirius was synonymous with the fertility and abundance that came with the flooding of the River Nile, which left huge deposits of silt, the very valuable black earth or "KMT" (Khemit) for which Egypt was named. **Is this Cycle of Promise mirrored in a much larger Cycle of Ages and Consciousness?** Patricia will offer much evidence to show that Isis represented much more than the promise of the fertility of the Nile. **Does she show us the way to increased awareness and enlightenment in this NOW moment?**

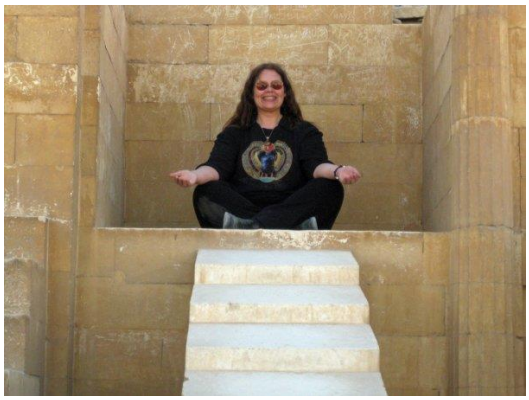
According to a famous ancient myth, Isis goes out to find the "pieces of Osiris" that his jealous brother Set had divided him into—and magically makes him whole again. She copulates with him and the ascended Osiris is "born again", 9 months later, as our Hero--- Heru, or Horus, the Son/SUN, rising on the Horizon.

We will gather at a special spot within this magical portal to celebrate our new wings…
and the dawning of our own brand new cycle of self-empowerment

Overnight, **Alyssa Nile Cruise** (B, L, D)

November 16th – Day 11 Monday Fly to Cairo and Saqqara and Serapeum Testing our Wings

After an early morning breakfast, we'll leave to the Aswan Airport for our flight back to Cairo. We will visit the **Serapeum** and the **healing "Hospital"** at the site of **Saqqara**, and see the ancient **Step Pyramid** attributed to King Zjoser. We will experience the ***still active*** **healing energies of the ancient "Hospital"** at Saqqara and discuss the many references to the importance of balancing the polarized energies within and without. **What does Imhotep represent—and how can we become architects of energy?**



Patricia will guide you through the Mirror – an opportunity to experience your own reflection.

We exist as a luminous energy field organizing ourselves in a body, or as pure consciousness manifesting and temporarily experiencing this level of reality through our bodies.

No visit to **Saqqara** would be complete without an exploration of the newly opened **Serapeum**!

The Serapeam **Yousef** will guide us through this subterranean complex. A long hallway that runs in east/west directions is flanked by chambers that house gigantic, highly crystalline stone boxes. Many believe that Bulls associated with the Apis Bull cult were buried in them. **However--no bulls or human bodies were found in any of these huge boxes ---that were made with an extremely advanced technology**. When excavated in 1852, all twenty-four boxes, weighing 60-80 tons, had been plundered. Their lids had been pried loose and the contents taken. Our collective research shows that these boxes are far more ancient than the writings found on and around them, and were an integral part of a huge energy device. You need to view all the elements for yourself to truly fathom how it may have functioned.

Overnight **Mercure Sphinx Hotel** Giza (B, L, D)

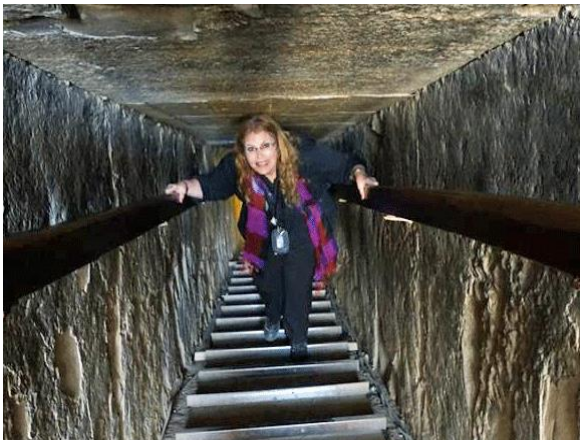
November 17th – Dav 12 Tuesday **PRIVATE VISITS TO SPHINX & GREAT PYRAMID**

Khepers spread their Wings and Fly!

After a late breakfast we will visit the Giza Plateau and see the Valley Temple before we celebrate our private time between the "Paws of Tefnut" (the Sphinx). Here we will embrace the powerful healing and nurturing love of the great mother and welcome this into our hearts and into the new cycle we are entering into both globally and personally. We will have the opportunity to meditate together here at one of the most powerful spots on earth!

Next…we're off to enter the King's Chamber of the Great Pyramid where we'll be gifted with 2 hours of time to ourselves.

We will all have the opportunity to initiate ourselves into our own new cycles. Each of us will be able to enter the resonance box to experience the energy field enhanced by resonant toning.



Yousef and Patricia will help you to achieve the tone of resonance within the highly crystallized granite of the chamber and "resonance box" during a group sound activation.

We will enjoy a Farewell Dinner together before returning to our Hotel

Overnight **Mercure Sphinx Hotel**, Giza (B,D)

November 18th – Day 13 Wednesday

Following breakfast you will be driven to the **C**airo **A**irport for your final departure. (B)

NOTE: This itinerary is subject to change due to conditions beyond our control.

Workshops and Meditations will be facilitated by Patricia

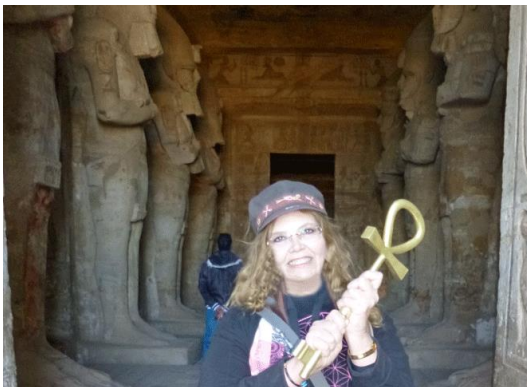
Yousef and Mohamed will speak to us about the significance of the sites, and hold a space for us to experience them.

Each of us has our own set of patterns, our own bridges to cross. Some of us are stuck in habitual ways of seeing ourselves as vulnerable, incompetent, lonely, unlovable, stressed, or tired. Some of us see others as threats or competitors. Some react adversely to circumstances as varied as traffic jams or weather conditions. Some of us see ourselves through the lens of chronic illness or physical or emotional abuse. I don't diminish for one moment any of the responses we face when we arrive at a particular bridge and are frozen by a particular pattern that prevents us from stepping across. I only want to point out that it's possible, after recoiling from the first step, to pause for a moment, examine our thoughts, feelings, and sensations, and ask ourselves whether or not the things we accept as fact are true.~ Tsoknyi Rinpoche

Let's remove all that blocks our energetic patterns from flow-ering naturally and allow the Light within us to shine brightly!

Experiencing Ancient Egypt offers us an opportunity to begin our own inner journey through the Lion's Gate.

Featured Speakers from THE KHEMIT SCHOOL OF ANCIENT MYSTICISM:



Patricia Awyan

KSAM Co- Director, Speaker, Researcher, Explorer, Spiritual and Life Counselor, & Artist

Blessed to have been raised by parents who allowed me to express myself intuitively, in a beautiful isolated and natural environment in Bucks County, PA., I began my exploration of the Nature of this Reality from my early childhood. Driven by a lifelong passion to know why we exist and what our purpose is, my quest led me to the in depth study of the esoteric sciences as well as the physical sciences, mathematics, comparative religions, ancient literature, mythology, art history and symbology

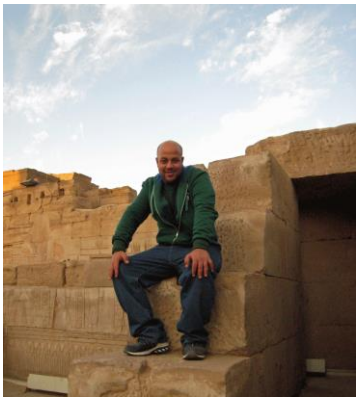
Having worked as an Architectural Artist for several years, I learned much about the energetic nature of structure, and about Color Theory and how we experience the world around us through our visual sense. I explored the physics of Color further, as well as the principles of digital technology, when I worked as a Color Specialist and Senior Account Manager, marketing digital copiers, printers and software.

All of this was an incredible preparation for the level of research that the Khemit School is currently undertaking. The Neters, Mythology and Symbolism of ancient Khemit all combine to give us a brilliant vision and understanding of the nature of our reality, and how we eternally cycle through dimensions and stages of consciousness. They have given us an alchemical map for how we can work with these natural and holographic archetypal energies and patterns – in order to traverse these portals in this NOW moment.

But it doesn't stop there! My journey has taken me to places all over the world; Spain, France, Scotland, England, Peru, Bolivia, Australia, and New Zealand, only to discover that there was a very ancient civilization, worldwide, that left these same clues…with different labels and icons---but, all virtually telling us the same story of who we are and where we came from. It's an exciting time to be alive! Humanity is beginning to walk through a powerful portal together where our potential for living in harmony and unlimited self-empowerment will be heightened to new levels

As your intuitive guide and speaker throughout our journey together, I will relate the secrets of the symbolism and mysteries of the ancient Khemitians to the Shifting Energies of our current reality, as we enter this New Life Cycle, referred to by the indigenous, as the Age of Kheper or what many call The New Dawn. I will speak about the Pantheon of Egyptian Neters (gods and goddesses), who symbolize aspects and/or forces of nature with multi-dimensional meanings and significance-- including being representative of the 360 senses that the indigenous say we all once had. What are these Senses—and how can we RE-member them?

The information provided will help to enable you to embrace the potentials of the powerful energies that you will interact with at the Egyptian Temples and Monuments.



Yousef Awyan

KSAM Co- Director, Speaker, Researcher, Explorer, Stone Mason and Musician

Combining the wisdom given to him by his father, Abd'el Hakim Awyan, with his own research; Yousef will speak to us of ancient Khemit, a technologically and spiritually advanced civilization that existed during a Golden Age in Egypt that pre-dated Dynastic Egypt, as we explore the powerful sites here. He will cite irrefutable evidence and amazing anomalies that challenge the dictates of mainstream Egyptology. Yousef will show us how the powerful sites, purposefully chosen for their energetic properties, were transformed over the centuries-by many different civilizations.
