You will see the amazing evidence of a highly advanced civilization and will join us in a discussion of how, why and when the powerful structures and “energy devices” you will visit here, were created in pre-dynastic Egypt—and by whom?

Experience the still active monuments and temples in Egypt with us on a powerful journey that will awaken your senses and transform your life!

October 18th – Day 1 Sunday **Cairo**

A transfer representative will meet you at the airport to assist you with entry formalities, and escort you to the luxurious 5-Star **Mercure Pyramids Hotel & Spa in Giza**, less than 5 minutes from the Giza Plateau.

We will all enjoy a **Welcome Dinner** together followed by a meeting for introductions and surprises!
Overnight **Mercure Sphinx Hotel** - Giza (D)

October 19th – Day 2 Monday **Dashur & Saqqara**

After an early Breakfast we will travel by motor coach to the ancient site of **Dashur** where we will visit the **Red and Bent Pyramids**, attributed to the King Sneferu. The title **Sneferu** translates as “double harmony” and refers to the different tones of frequency that these pyramids vibrate with. Yousef and Gary will help us to collectively awaken and activate the energies of the **Red Pyramid** when we enter the resonance chambers within. We’ll stop for a quick lunch on our way to spend the afternoon at **Saqqara**, home of the **Step Pyramid** attributed to King Djoser.

We will experience the *still active* healing energies of the ancient “**Hospital**” at **Saqqara** and discuss the many references to the importance of balancing the polarized energies within and without. You will be lead on an exploration of the area that surrounds the **Pyramid of Wenis (Unas)**, which displays all the elements of ancient “Per Neters” or **energy devices**.

The Serapeum A highlight of our day will be a visit to the newly opened **Serapeum**, a huge subterranean complex. A long hallway that runs in east/west directions is flanked by chambers that house gigantic, highly crystalline stone boxes. Many believe that Bulls associated with the Apis Bull cult were buried in them.

However--no bulls or human bodies were found in any of these huge boxes ---that were made with an extremely advanced technology. When excavated in 1852, all twenty-four boxes, weighing 60-80 tons, had been plundered. Their lids had been pried loose and the contents taken. Our collective research shows that these boxes are far more ancient than the writings found on and around them, and were an integral part of a huge energy device. You need to view all the elements for yourself to truly fathom how it may have functioned.

We'll return back to the **Mercure Hotel** for a **Lecture by Stephen Mehler** followed by a buffet dinner. (B,L,D)

October 20th –Day 3 Tuesday Giza Pyramids and Flight to Luxor

After an early buffet breakfast, our motor coach will bring you to the world famous **Giza Plateau**. After exploring the area around Pyramids, we will drive to higher spot with a beautiful panoramic view of the Pyramids. Here you will have the **option of riding a camel** (or riding in our motor coach) to explore **Valley Temple** next to the **Sphinx**, with its alabaster floor and huge, intricately laid blocks—so similar to many constructions found in Peru! We will point out and discuss the many “smoking guns” that exist within and outside this amazing temple.

We will board an evening flight to Luxor and check into the deluxe 5-Star **Maritim Jolie Ville Kings Island Resort**, situated on its own private island, surrounded by the majestic Nile River.

Overnight **Maritim Jolie Ville Kings Island Resort** (B,L)

October 21st – Day 4 Wednesday Valley of the Kings, Colossi of Memnon, Hatshepsut’s Temple and Luxor Temple

After breakfast we will embark on our exploration of the sites on the **West Bank** including the **Tombs of the Nobles**, **Hatshepsut’s Temple**, and the **Colossi of Memnon**. First we visit the **Tombs of the Nobles** where we will view some of the ancient tombs filled with beautifully symbolic artwork.

Next we’re off to the mystical **Mortuary Temple of Hatshepsut**, a beautiful work of architecture, by **Senemut**, believed by some to have been her lover. **Hatshepsut’s Temple** is nestled in the valley basin of **Deir el-Bahari**, surrounded by steep and enigmatic cliffs. After a relaxing lunch and a stop at the Colossi of Memnon we’ll return to our hotel to enjoy an afternoon **Lecture** by **David Hatcher Childress**

We will have time for shopping before our evening visit to the **Luxor Temple**

Luxor Temple

We will explore the mysteries of the enigmatic **Luxor Temple** in the early evening. Linked to **Karnak Temple** by the **Avenue of Sphinxes**, **Luxor Temple** utilizes similar patterns of sacred geometry in its design.

After 15 years of intense study, Alchemist, **R. A. Schwaller de Lubicz**, called the **Luxor Temple**-**“The Temple of Man”**, in a book in which explored the connectedness of ancient Egyptian philosophy, spirituality, mathematics, and science. Lubicz’s theory that the **Luxor Temple** was designed to replicate all aspects of Man (body, mind and spirit), is well documented and has gained support from many alternative researchers, including John Anthony West. After our dinner on the ship, the rest of your evening is free.

Overnight Maritim Jolie Ville Kings Island Resort (B,L)

October 22nd – Day 5 Thursday Abydos and Dendera

After an early breakfast, we will drive by motor coach to the ancient pilgrimage site of **Abydos** to visit the **Temple of Osiris** and the very ancient **Osirion Temple**.

At the **Seti I Temple**, dedicated to Osiris, we will discuss the symbolism as we view the masterful craftsmanship of the beautiful depictions that cover the walls. Behind this Temple lies the megalithic **Osirion**. At the **Seti I Temple**, dedicated to Osiris, we will discuss the symbolism as we view the masterful craftsmanship of the beautiful depictions that cover the walls. Behind this Temple lies the megalithic **Osirion**, similar to the **Valley Temple in Giza**, that the indigenous tell us is 35,000-50,000 years old or more. It is here that several depictions of the **Flower of Life** can be seen on the huge pillars. Local villagers claim that the water that accumulates in this structure has valuable healing properties.

Afterwards, we drive to **Dendera** to visit the incredible **Temple of Hathor**. Star maps depicted on the ceilings in this temple, and the replica of famous **Dendera Zodiac** (the original is displayed at the Louvre in Paris) point to the ancient origins of astrology and superior knowledge of our cosmos. **Hathor (Het-Hert)**, the Netert who personified motherhood, beauty, sexuality, love, joy, harmony, dance and music was often associated with the planet, Venus. She was known as the **Lady of the Stars**, and represented the nurturing solar *food* of the Sun's rays, required for birth, growth and renewal.

Overnight **5-Star Alyssa Nile Cruise Ship** (B,L,D)

Optional activities while in Luxor include shopping at the souks and bazaars, visiting the **Luxor Museum**, felucca sailing or exploring the treasures that **Luxor** (ancient Thebes) has to offer on your own! You will also have the opportunity to enjoy an optional Hot Air Balloon ride over the West Bank.

October 23rd – Day 6 Friday **Karnak Temple, the Precinct of Mut and Nile Cruise**

One can never have enough time to fully explore all the riches of **Karnak Temple**, where we will spend the entire morning after an early breakfast. An avenue of ram-headed sphinxes leads us into the gigantic complex, which includes temples dedicated to **Amun**, a Neter representing an aspect or stage of the Sun, and **Khonsu**, who represents the Moon.

We will visit the powerful **Chapel of Sekhmet**, the Netert who represents the potent and purifying energies of the sun. **Sekhmet** personifies the solar rays that provide the electromagnetic energy required to sustain life and the earth's grid. As the lioness, she symbolizes the powerful and fierce, yet protective love, akin to that of any mother. **Sekhem**, means "power" and **Sekhmet** is the electrical spark that provides the necessary energy to perform what we have been told are mystical, magical and powerful feats, including the healing

of the physical body. She *is* the Life Force. Be prepared to experience a morning you will never forget! The powerful sacred geometric design and natural elements of the architecture itself has the ability to transform and raise levels of awareness and consciousness as you walk through this and many other temples.

Karnak Temple

Next we will visit the newly opened **Precinct of Mut**, one of the four main temple enclosures that make up the **Karnak Temple Complex**. **Mut** is the Neter who represents the Sky at Night. She is the consort of **Amun** and gave birth to the moon, **Khonsu**. It is said that 720 or 730 statues of the leonine **Mut** (one for every day of the year, morning and evening) **once** graced this area that is cradled by a crescent shaped sacred lake.

Shortly after returning to our ship, we'll have lunch and set sail on our spectacular **Cruise on the Nile**. Enjoy viewing the lush countryside and life along the river's banks, much of which appears as it did thousands of years ago!

Dinner on the boat with free time for relaxation **Nile Cruise** (B, L, D)

October 24th – Day 7 Saturday Nile Cruise with stops at Esna and Kom Ombo

We will arrange for an early morning visit to the **Temple of Khnum** at **Esna**. The most interesting and mystical depictions in the Temple are found on the ceiling, which is decorated with astronomical symbolism, that include the sky Goddess Nut, the Dog Star, Orion's belt, and Alpha Draconis.

We'll enjoy a buffet lunch followed by a **Lecture by Patricia Awyan**

After an afternoon of sailing we will stop at **Kom Ombo**, where we'll visit the twin temples dedicated to the crocodile Neter, **Sobek** and **Horus, the Elder**. We will discuss the aspects of nature and our cosmos represented by the Neteru and how they relate to awakening our senses and raising our levels of awareness.

We will speak of the powerful initiations that were once practiced here, and how we can tap into the profound and self-empowering lessons experienced here by the ancients. You will also have the opportunity to view depictions of various medical instruments and alchemical healing practices.

Overnight **Nile Cruise** (B, L, D)

October 25th – Day 8 Sunday Temple of Isis at Philae and the Unfinished Obelisk

We will take a motorboat to the enchanting **Island of Philae**, and the powerful **Temple of Auset (Isis)**. **Auset** is associated with the ancients’ most highly revered star, Sirius. The annual rising of Sirius was synonymous with the flooding of the River Nile, which left huge deposits of silt, the very valuable black earth or “KMT” (Khemit) for which Egypt was named. She is usually depicted wearing the throne, or “seat of power”, reflecting the matriarchal nature of the very ancient civilization. After sharing some of the highlights of this site together, you will have time to explore its captivating wonders on your own.

Afterwards, we will explore the famous **Aswan** quarry that is home to the 1,200 ton **Unfinished Obelisk**, that only a handful of cranes worldwide could lift today, and other significant evidence of higher technologies used by the ancient Khemitians.

After our buffet lunch, served on our cruise ship, we'll enjoy a **Lecture by Yousef and Mohamed**

Overnight **Nile Cruise** (B, L, D)

October 26th - Day 9 Monday Elephantine Island and Nubian Village

You will have the option to travel, very early in the morning, individually, or **as a group** to the magnificent **Temples of Ramses II** and his **Queen Nefertari at Abu Simbel on the banks of Lake Nasser**.

Later in the morning we're off to **Elephantine Island**, in **Aswan**, to explore the site that is home to the temple dedicated to the Neter, **Khnum**, who was the "master of the mysteries of water". Scattered throughout this site we find many remnants displaying the superior technologies of pre-dynastic times.

Two museums here offer an eclectic and unique array of artifacts found from the different civilizations that utilized the area during various time periods.

Next we'll enjoy a scenic boat ride to a **Nubian Village** located on the banks of the Nile. Here we will visit Fatima and her charming family, and enjoy a **delicious home cooked Nubian meal**.

There will be time for shopping at the **Nubian Bazaar**, known for their offerings of fragrant spices, hand crafted items, jewelry and colorful scarves and an opportunity for a dip in the Nile.

Early evening flight to Cairo and check in to our Hotel in Giza

Overnight **Mercure Sphinx Hotel** Giza (B, L,D)

October 27th - Day 10 Tuesday The Geology Museum and the Egyptian Museum in Cairo

After breakfast, our air conditioned motor coach will take us to the **Geology Museum** in Cairo. Here we will view many ancient fossils, meteorites, stones and crystals found in Egypt and all over the world.

Afterwards we'll visit the world famous **Egyptian Museum** where you will see many amazing artifacts collected from sites all over Egypt, including the gold sarcophagus & jewelry on display at the **King Tut Exhibit**. Among the many artifacts that we will point out that show evidence of an ancient superior technology, is the **Schist Disk**, made famous by Hakim's observation that it was a bio-organic sound device.

After enjoying lunch together, we will return to the Mercure Hotel for a **Roundtable Discussion with all of our Speakers**, followed by a buffet dinner together.

Overnight Mercure Hotel - Giza (B, L, D)

October 28th – Day 11 Wednesday Coptic and Islamic Cairo

The narrow cobbled streets of **Old Cairo**, also known as **Fustat**, feature many ancient churches. On our visit we will stop at the famous Hanging Church (still in operation today) and the wonderful Coptic Museum, which traces the history of Christianity in Egypt from its beginnings to the present day

Islamic Cairo is a part of central Cairo noted for its historically important mosques and other Islamic monuments. It is overlooked by the Cairo Citadel. After lunch, **Mohamed Ibrahim** will lead us on a tour of the **Mosque of Ibn Tulun** and other historic monuments in the area.

After a buffet dinner at the Mena House Hotel, we'll meet in the conference room for a **Roundtable Discussion** with all of your Speakers. This will be an opportune time for the group to ask questions and share thoughts and ideas about our journey together so far. Overnight **Mena House Hotel** - Giza (B,L,D)

October 29th - Day 12 Thursday Giza and the Great Pyramid

Early morning Private Visit "Between the Paws of the Sphinx" followed by a Private Entry into the King's Chamber of the Great Pyramid.

We will visit the Giza Plateau for our dawn visit between the “Paws of Tefnut” (the Sphinx). We will have the opportunity to meditate together here at one of the most powerful spots on earth!

We will also have time to explore the area and see the evidence of water erosion that Geologist, Robert Schoch tells us was caused by rain pelting against the limestone enclosure for many centuries. This helps to confirm Hakim’s teaching that that *She*—Tefnut, is at least 32,000 years old or older!

Next...we’re off to enter the King’s Chamber of the Great Pyramid

Yousef and Patricia will help us to achieve the tone of resonance with the highly crystallized granite of the chamber walls and “resonance box” during a group sound activation.
